

# GLOBAL PREGNANCY COLLABORATION SEMINAR SERIES

*Personalized Medicine in Pregnancy Worldwide: Advantages and Special Considerations*

## 1st LECTURE IN SERIES:

January 26, 2023, at 11:00 AM EDT

*“Personalizing medicine: Where do social determinants fit?”*

### **Kent Thornburg PhD**

M. Lowell Edwards Endowed Chair  
Professor of Medicine  
Oregon Health and Science University

### **SEMINAR SERIES INFORMATION**

To extend discussions begun at the September 12-13, 2022 Global Pregnancy Collaboration (CoLab) Workshop, *“Personalized Medicine in Pregnancy Worldwide: Advantages and Special Considerations”* we are continuing a discussion series on this topic to facilitate pregnancy health research.

A second goal is to provide mentoring in topics important to career development for beginning investigators. We will also facilitate the development of collaborations. Although there is no charge, donations are welcome.
